

#243-6

Courtesy Du Pont Company

This classic sweater set of "Orlon" acrylic fiber feels amazingly soft, because it is made of a new yarn, spun by a special process. Both sweaters are light weight, warm, easily laundered, and retain their shape without blocking. Smartly fitted, the short-sleeved slipover has a wide, ribbed band at the bottom. The front opening of the well-cut cardigan is bound on the inside with nylon grosgrain ribbon. Ocean pearl buttons add a touch of soft luster.
