Quaker Bitters.

BEST REMEDY
For Dyspepsia  Blood Ever Used.

PURELY VEGETABLE.

WORCESTER, MASS., Sept 13, 1885.

To the CROSS MANUFACTURING Co., Boston, Mass.

Gentlemen:—It is with pleasure that I certify to the beneficial results of your Quaker Bitters. I was troubled with pains in the side, could not draw a long breath without pain, very poor appetite and great distress after eating, and a very bad taste in my mouth after rising in the morning, in fact everything attending dyspepsia. The first bottle of your Bitters made a wonderful change in me, and after I took three I felt like another being. I can eat anything and a good meal every time I sit down. I intend to take them every spring and fall, and recommend them to every one I know, as I think they are a good medicine for everything, for I have taken them for Neuralgia, with the same good results. Respectfully yours, Mrs. J. SMALLRIDGE.
