Palm Springs, California

December 25th 1974

Dear Mr. Meikle;

I am keenly interested in your planned Ph.D dissertation and I offer you my entire cooperation. I must mention, however, that my companies in London and Paris require my presence in Europe from May fifteenth to late fall.

at any rate my entire files will be open to your inspection while I am away; my secretary Mrs. Diane Thaler is already instructed to that effect.

May I mention that the Smithsonian Institution in Washington is planning an exposition of my work — my entire career — at the Renwick gallery, starting on August 1st 1975.

Miss Freeman, of the Smithsonian, has spent several months gathering material and organizing the event. Maybe you might be

interested to contact her at the Renwick gallery
Miss Freeman has made such a thorough
search that she unearthed designs or happen-
ings I had totally forgotten.

I intend to fly back from Europe
especially for the occasion — for a week or
so — and perhaps we might arrange to
meet then, in Washington or New York.

anyway, I am at your disposition
in the meantime, either by telephone or by
mail.

I wish you a successful dissertation
and a Happy New Year.

Sincerely

Raymond Huey
