WARREN CANDY CO.,

Warren, Pa.

PRICE, 5 CENTS.

Young people crave sweets. Best authorities agree that positive good comes from moderate use of candy. This Peanut Candy being absolutely free from any coloring matter or other addition, is therefore not in the least objectionable. It is put up in sealed packages, ensuring perfect cleanliness, since the contents need not be handled, and the quantity is large for the price, 5c.

Peanut flour has been introduced into Germany as a food, containing nearly 50 per cent. of albumen. Nordinger pronounces it the most nutritious and cheapest food in existence.
