RECEIVED

TREASURER'S OFFICE

Mr. John J. Raskob,
du Pont Building,
City.

My dear Mr. Raskob:

Permit me to thank you in behalf of my associates and myself for the magnificent contribution you have made to the Jewish sufferers from the war. It has been only through your exceeding generosity and the generosity of our Christian neighbors that we have been able to do so much to alleviate the terrible suffering prevailing among our less fortunate brethren in the frightfully devastated countries of eastern Europe.

While the recent campaign in this State was designed primarily to bring urgent relief in a great humanitarian emergency, we feel that it has done much to bring all peoples in the State of Delaware into a better understanding of each other without regard for race, creed or nationality. In achieving this, we feel that the real ideals of American democracy have been brought closer to realization than would be otherwise possible.

To be permitted to dwell in noble Delaware and free America with such public spirited citizens and genuine humanitarians as we know you to be at all times is an inspiration that makes every Jew strive for the highest ideals of citizenship and worth to the community. You have set an example that we must all emulate. As you may well believe, the donation you have so unstintingly given will invoke the blessing of thousands of starving tots, innocent victims, who we hope to sustain for future world usefulness.

With best wishes, I am

Appreciatively yours,

Nathan Miller

Chairman.
