

Ciar Su

I received your letter yesterday by the hand of Mr
Pine withed with two samples of your Gunpow
der for which I am very thankful, from its superi
or quality I am much pleased with it and will
not fail to recommend it to the Merchants and
Sportsmen of this County, but must beg leave to
observe to you that the grain F is too small for
our large Guns for Duck shooting. I therefore inclose
you a sample, the grain of which is about the
size I should prefer and must beg of you to request
our friend Mr Dupont to have me one keg made
as soon as convenient of his best powder, the
grain the size of the sample sent and about
as much glazed, and when ready to send it on
to me by Mr Withed who promised to write
to you for three kegs of your powder one of which was
intended for myself, should you send me a keg
with any other powder please to distinguish it
from the other powder by placing my name on
the keg, the Cash will be sent on to you in due

ately on receiving the powder, I should be very
glad to see your powder works in operation if
you could take as much time this autumn, with much

Respectfully I remain Dear Sir
