Dear Sirs,

Our last respects were dated 28th May and went forward per "Ferrares" duplicate likewise. And we have now to our receipt of your returned favor of the 29th April. the contents of which have our careful attention.

We have not gone to the expense of survey fees, and certificates of damaged Powder of "Blount" as we apprehend the same would be of no value to you, under the circumstances. but should you think otherwise: we could at once furnish you with them, as the Powder was inspected by several of our friends. We much regret that the market for this article remains much depressed, and we have been unable to effect sales at satisfactory rates we are however making fresh endeavours to hope soon to advise you of the result.

We think the large grain powder best adapted for this place - similar to "Hamed" sent to this market.

We send by this mail our latest D.C. which will inform you in detail as to the state of our market.

And remain

Yours faithfully
Geo. Flower & Donald & Co
