

Calcutta, 14th May, 1868.

Mess^{rs}. E. J. DuPont de Nemours & Co.,
Wilmington.

Dear Sirs,

We last addressed you on the 20th Ult^o, and have since been favored with your letter of 25th March, contents of which have our attention.

We have no change to notice in the position of our Saltpetre market which remains very dull. 5% refraction is still quoted nominally at Rs. 5 G. M. -

Freights are not actually lower as yet for the United States, but lower rates are looked for, in consequence of the termination of the Abyssinian war, which will cause the release of a very large amount of tonnage.

Exchange on London is slightly higher than when we last wrote, and the closing rate, for first class Paper, may be quoted $1/11\frac{3}{4}$ @ $1/11\frac{7}{8}$ G. A. -

Yours faithfully
