

No. 10 Gate - Upper Hagley

Entrance to Hagley Gard - at Blacksmith Shop, note portion of shop.
(the stone building - on right). This road enters Hagley Gard practically
in the center, Upper Hagley left and Lower Hagley right.

The building straight ahead - at foot of hill is the Machine and
Millwright shop.

The black mark - at the right - and just beyond the entrance is the old
tree supported by a brick pier - as shown in another picture.

The stone building at right was, at one time,
used as a Hall of Records.
