

1776—International Exhibition,—1876

November, 1872.

To the Editor of

The Pioneer

DEAR SIR:

By direction of the United States Centennial Commission, I have the honor to enclose you a copy of a short address to the people of the United States, prepared by a Committee for general publication. I would earnestly request that you make place for it in your columns. It is exceedingly important that the people of our State be made familiar with the objects of the Commission, and I know of no better way than through the public press.

I ^{will} also enclose you a more extended address, giving a history of the Commission, and would ask that at your convenience you make the enterprise the subject of favorable editorial comment.

Very respectfully yours,

U. S. Commissioner for

N. B.—Should you comply with the above request, please mail a copy of your paper containing the address to the Secretary, at Philadelphia, for filing.
